

VGIN ORTHOPHOTOGRAPHY PRODUCT DESCRIPTION AND ORDER FORM

Products

Price/Item

Statewide 1 Meter MrSID DVDs: Includes 1 meter pixel resolution orthophotography produced in 2002. The 6 DVD set is in MrSID compressed format and contains the **entire** Commonwealth. Requires a program capable of viewing MrSID files.

Prod #: 02_1m_DVD (Requires 17 GB Harddrive storage)

\$90.00/set - Incl. Shipping

Statewide Hi-Res GeoTIFF Hard Drives: Three hard drive set which includes high-resolution orthophotography produced in 2002. Each drive contains **a portion** of the Commonwealth in GeoTIFF format. An index file, showing which areas are included on each disk, is available on the VGIN website at www.vgin.virginia.gov. All three drives are required to obtain the complete statewide orthophoto set.

Prod #: 02_HR_tf_1, 02_HR_tf_2 02_HR_tf_3 (Requires 2 TB Harddrive storage)

\$1000.00/drive - Incl. Shipping

Statewide Hi-Res MrSID Hard Drive: One hard drive which includes high-resolution orthophotography produced in 2002. Each drive contains the **entire** Commonwealth in MrSID format. Requires a program capable of viewing MrSID files.

Prod#: 02_HR_SID (Requires 97 GB Harddrive storage)

\$700.00/drive - Incl. Shipping

Statewide Digital Terrain Model (DTM): The Digital Terrain Model used to create the 2002 orthophotography is a bare earth model with breaklines and mass points. It is available on one DVD. **Note:** The DTM was created to support the orthophotography and does not support the creation of contours to a specified accuracy standard without additional densification.

Prod #: 02_DTM (Requires 3.5 GB Harddrive storage)

\$300.00/DVD - Incl. Shipping

Small Area Custom Work: Persons needing smaller areas of imagery or DTM are encouraged to contact the local jurisdictions before requesting a VGIN quote. Custom work can be produced with no guarantee as to delivery timeframe. Contact VBMP@vgin.virginia.gov for more information.

Prod #: 02_CstmPrd
